SUMMARY

Full stack developer skilled in MERN stack, Flutter and Firebase; experienced in agile, scalable solutions and digital innovation.

EXPERIENCE

Trainee Software Developer - [Fuvion Techsys](#)

(Sept 2024 - Present, Full-time, Remote)

I develop mobile apps with Flutter & Firebase and build web applications using the MERN stack. Collaborating in agile teams, I create scalable, optimized solutions that boost performance, enhance user experience and consistently drive innovation.

MERN Stack Developer - [The Entrepreneurship Network](#)

(June 2024 - Sept 2024, Internship, Remote)

I led full-stack projects by integrating routes, schemas, databases and servers; while enhancing frontend components, resolving bugs and optimizing designs for smooth deployments. My collaborative approach consistently accelerated project success.

PROJECTS

Jobstock- A Job Portal Application and Website ([Link](#), [Link](#))

- **Tech:** Flutter, Firebase, React, Node.js, Nodemailer, CRON
- Developed an app enabling candidate profiles & job search.
- Built web portal for companies to post and filter applicants.
- Automated backend processes to schedule emails & tasks.

AI Resume Builder - A Dynamic Resume Creation Platform ([Link](#))

- **Tech:** MERN, Tailwind CSS, JWT, Bcrypt.js, Google Gemini
- Built robust backend routes, schemas, database & server.
- Enabled sign-up, login, resume creation & PDF downloads.
- Integrated frontend with efficient backend performance.

TEN AI Consulting - A Comprehensive Business Website ([Link](#))

- **Tech:** Vite, React, Tailwind CSS, React Icons, AOS, Calendly
- Led team collaboration for seamless project delivery.
- Integrated Calendly and animations for smooth experience.
- Delivered responsive design with 16 interactive pages.

ACHIEVEMENTS

Open-Source Library Fork & Fix: Forked and patched the multer-gridfs-storage library to resolve a file upload issue, ensuring reliable file handling in production with MongoDB. ([Link](#))

News Monkey Adoption: Personal news portal project adopted by The Entrepreneurship Network during my internship. ([Link](#))

Fuvion Techsys Assignment: Built a demo website during hiring, which was later adopted as the company's main website. ([Link](#))

SKILLS

Programming Languages: Java, C++, HTML, CSS, JavaScript, Dart

Databases: MySQL, MongoDB, Firebase

Version Control: Git, GitHub

Stack & Frameworks: MERN stack, Flutter, Tailwind CSS, Bootstrap, React-Bootstrap

Other Tools: DSA, OOPs, JDBC, Android Studio, VPS Hosting

Soft Skills: Communication, Critical thinking, Problem solving, Creativity, Fast learning, Discipline, Team work

EDUCATION

Bachelor of Commerce:

University: BRABU, Muzaffarpur

Marks: 71.13%

Year: 2020

Intermediate of Commerce:

Board: BSEB, Patna

Marks: 69.20%

Year: 2017

Matriculation:

Board: BSEB, Patna

Marks: 75.20%

Year: 2015

CERTIFICATIONS

Certificate of Completion by

Great Learning Academy: Java, C++, OOPs, Data Structures and Algorithms, MySQL, MongoDB, Full-stack Development ([Link](#))

HOBBIES & INTERESTS

Enthusiastic Reader: Passionate non-fiction reader, 100+ books explored, former Bookstagrammer with 5k+ followers. ([Link](#))

Chess, Photo Editing, Gaming

LANGUAGES

Hindi, English
